OHIO ROSE GARDENS

PRICE
LIST
1933

John A. Dockry
500 N. State St.
Painesville, O.

The rose has long been acclaimed by the whole world as the Queen of Flowers, and some astonishingly beautiful varieties have been introduced in the last few years to add to her glory

The varieties listed here are those we select as outstanding, old and new, introductions from the confusing maze of rose names.

They are two year, field grown, budded plants, vigorous and healthy.

We receive numerous letters from customers commending us on the fine quality of stock we ship, and expressing themselves as more than satisfied with their investment.

A trial order will please you, and make you tell your friends, that you know where to buy the best in roses.

OHIO ROSE GARDENS

John A. Dockry

EVERBLOOMING ROSES

Roses of this class are noted for the quantity of bloom, the marvelous colors, the form, shape and beauty of the buds and flowers. They are not entirely hardy, and in a very cold climate need winter protection.

AUTUMN	The burnt-orange buds, and the yellow streaked flowers are very pretty. The growth is strong, but the foliage is subject to mildew.	\$0.85
CALEDONIA	People who never cared for white roses, are captivated by the beautiful, long, milk-white, lemon-tinted buds, whose petals roll back so artistically. The plant is a strong grower with healthy foliage.	.85
CHAS. K. DOUGLAS	One of the finest red garden roses, very thrifty, a persistant bloomer. Flowers of crimson-scarlet: slightly fragrant.	.40
CHAS. P. KILHAM	Large, elegantly shaped blooms of bright orange-pink, very similar to Mme. E. Herriot, but with many more petals. It is one of the best garden roses.	.65
BETTY UPRICHARD	A splendid bedding rose, producing buds of coppery-red. The open semi-double flowers showing orange, carmen, and salmon, very sweetly scented. Plant is very vigorous.	.40
DAME EDITH HELEN	Exquisitely shaped blooms of bright clear pink, very double. The beauty and fragrance of this rose will entice you into the garden again and again. Tall strong grower.	.40
CHATEAU DE CLOS VOUGEOT	Very dark rich velvety-red blooms, extremely double and fragrant. Vigorous and hardy.	.40

COLUMBIA	The large well formed blooms of clear rose pink, the vigor and healthiness of the plant explains its popularity-----	.40
DUCHESS OF WELLINGTON	Long sweet-scented, saffron-yellow buds streaked with red; very sweetly scented. Plant is very sturdy and prolific. One of the best sellers....	.40
DUCHESS OF ATHOLL	The large globular coppery-orange buds, are extremely beautiful and fragrant. The plant a strong grower.....	.65
E. G. HILL	A lusterous dark red with many petals, producing occasionally some of the most beautiful flowers imaginable, but, altogether we do not like it as well as Etoile de Hollande.....	.65
EDITH NELLIE PERKINS	One of the best of the newer varieties. The large double flowers are cream and blush on the outside, with salmon-pink and a golden-orange base inside; fragrant.	.65
ETOILE DE HOLLANDE	A wonderful dark red garden rose:- The best.....	.50
EDEL	Gigantic perfectly formed blooms of snow-white with a faint tinge of ivory. The plant is vigorous.	.40
GAIETY	Lovely shaped, long buds of coppery-fawn, and pale pink. Semi-double; sweetly scented.....	.75
GOLDEN DAWN	This is the best yellow, and one of the best roses grown. The long buds are lemon-yellow splashed with red. The open, well shaped flowers are sweetly scented and are produced lavishly. The growth is strong and the foliage healthy.....	.75
GOLDEN EMBLEM	Produces the most lovely yellow blooms, but the plant is not a strong grower.....	.40

DAINTY BESS	Large single flowers 2 1-2 to 3 in. across, of soft rose pink with flat clusters of crimson filaments which gives a dainty color effect. Six petals.	.65
FEU JOSEPH LOOYMANS	Remarkable for its long pointed buds of brilliant orange-buff, and its open fragrant flowers of yellow and apricot. The growth is strong and the foliage healthy.	.50
GRUSSAN TEPLITZ	This grand old garden variety is constantly in bloom, the color is a very pleasing velvety crimson-red. The plant is very vigorous and healthy.	.40
JOANNA HILL	A splendid cutting variety. The long pointed, perfect buds of orange-yellow, are borne on long slender stems. The open flower is a creamy yellow with an orange base. Tall, strong grower.	.50
JOHN RUSSELL	A massive rose of marvelous substance and form. The color is a glistening blackish-crimson. The plant is very vigorous.	.50
JULIEN POTIN	A rich deep yellow, which is similar to Ville de Paris, but the flowers are larger and have more petals. Strong healthy grower.	.50
KAISERIN AGUSTE VIKTORIA	Not a very strong grower, but furnishes exquisite creamy lemon-tinted blooms.	.40
LADY MARGARET STEWART	The fragrant golden-yellow buds, shaded and streaked with burnt orange and red are truly magnificent. The plant is fairly vigorous.	.50
LOS ANGELES	An old favorite; very lovely blooms of salmon-pink, shaded with gold at base of petals.	.40

MARGARET McGREDY A wonderful grower and bloomer. The flowers are brilliant scarlet with an orange-yellow base.	.40
McGREDY'S SCARLET Long shaped buds of brilliant velvety-scarlet showing orange at the base of the petals; sweet scented and a strong grower.	.60
MEVROUW G.A.VAN ROSSEM A remarkably fine rose with a beautiful color arrangement. The buds are a vivid orange-apricot with a golden base. The flowers are sweetly-scented and the foliage disease-resistant.	.60
MISS ROWENA THOM Gigantic dark pink blooms, shaded with yellow at the center. Plant is exceptionally vigorous.	.40
MISS WILLMOTT A splendid white variety, the long pointed buds, tipped with pink, are produced lavishly. Sturdy grower.	.40
MADAM ALEXANDRE DRUEX Deep yellow, orange-cast flowers of delicate beauty, on good stems. Plant is fairly vigorous.	.40
MME. BUTTERFLY A free bloomer. The flowers are light-pink apricot and gold. They are especially beautiful in the autumn. A strong grower.	.40
MADAM JULES BOUCHE Elegant white buds, slightly tinted with blush at the center. Fragrant and free flowering.	.40
MRS. CHAS. BELL Globular shell pink blooms of exquisite beauty which last a long time when cut. Very thrifty.	.40
MRS. E. P. THOM Undoubtedly the best yellow bedding rose. The long slender buds are a bright unfading lemon-yellow; sweet scented; excellent foliage.	.50

MRS. HENRY BOWLES	A superb rose in every respect. The color is a clear brilliant pink, with a shading of lighter pink. The plant is very vigorous and free flowering.	.50
MRS. HENRY MORSE	An astonishingly beautiful rose of two-toned pink. The inside of the flower is flesh-pink with a reverse of rose pink. A fine grower and bloomer.	.40
MRS. SAM McGREDY	A new rose of exquisite beauty. The high centered double flowers are coppery orange, heavily flushed with Lincoln red on outside of petals; glossy, healthy foliage.	.75
PADRE	A persistent bloomer, a strong grower and a great bedding rose. The color is copper-scarlet.	.40
PRESIDENT HERBERT HOOVER	One of the most popular roses, and deservedly so. The color arrangement blends some of the most dazzling shades found in roses; cerise-pink, flame, scarlet, and yellow; vigorous.	.50
RADIANCE	Another one of the best varieties. The large brilliant pink flowers are very fragrant. The plant is very vigorous and healthy.	.40
RED RADIANCE	Possessing all the good qualities of Radiance, differing only in color, which is a cerise red.	.40
REV. F. PAGE ROBERTS	A great favorite, and a good grower. The long copper-red buds that open golden-yellow are incomparable.	.50
SOUV DE CLADIUS PERNET	A wonderful yellow rose when at its best. The first flowers are sometimes ill-shaped, but later it behaves very well. A fine grower.	.40

SOUV DE GEORGES PERNET	A noted prize winner. The immense double orange-pink buds are most beautiful and very fragrant. Fairly vigorous.	.40
SUNBURST	Extremely lovely blooms of yellow and orange; plant is not a very strong grower.	.40
TALLISMAN	A multi-colored variety, showing orange, yellow, scarlet and cream. Sometimes the flower is almost pure cream, again it will be dense orange-scarlet. Very vigorous.	.50
VILLE DE PARIS	Globular buds of rich buttercup yellow, on fine long stems. The plant is very vigorous and disease resistant for a yellow rose.	.50
WILHELM KORDES	The blending of colors in this lovely rose is really a sensation. The long pointed buds are golden-salmon with tints of orange and coppery-red; very fragrant.	.40
WILLOWMERE	A grand old garden variety producing lovely shaped blooms of rich shrimp-pink, shaded with a golden glow toward the center. A splendid grower.	.40

HYBRID PERPETUAL ROSES

Hybrid Perpetuals (June Roses) are very hardy and vigorous. The flowers are large and full and usually intensely fragrant. Some varieties bloom through the summer until frost.

40c each

CAPT. HAYWARD Free bloomer, crimson-scarlet flowers. very fragrant, vigorous.

FRAN KARL DRUSCHKI (White American Beauty) Large white flowers of wonderful form, produced lavishly on big strong plants.

GEO. AREND'S Long pointed buds of the most pleasing shade of pink. Very fragrant. Some fall flowers.

HARRISON'S YELLOW Big hardy bushes covered with semi-double bright yellow flowers. Early.

JUBILEE Large, very dark velvety maroon flowers Intensely fragrant.

MME. ALBERT BARBIER This new variety merits the popularity it has gained since its introduction. Flowers are creamy yellow with a pinkish tinge.

MRS. JOHN LAING One of the finest roses of this class. Large double blooms of clear pink. Sweetly perfumed.

PAUL NEYRON Immense pink flowers from June until frost. Extremely vigorous.

HARDY CLIMBING ROSES

40c each

AMERICAN PILLAR Bright carmine-pink single flowers with ivory centers and yellow stamens; extremely vigorous.

AVIATEUR BLERIOT Orange-yellow buds and flowers; double; borne in large clusters; strong grower.

CHAPLINS PINK CLIMBER (New) Large clusters of carmine pink flowers. Strong grower.

CLIMBING AMERICAN BEAUTY Crimson-pink fragrant flowers borne in clusters. A very popular climber.

CRIMSON RAMBLER The best known rose of this class. A very strong grower.

DR. HUEY Large dark crimson flowers set off by bright golden anthers. Borne in large clusters.

DR. VAN FLEET Pinkish-cream flowers of wonderful form, borne on long individual stems. A very popular variety.

DOROTHY PERKINS Beautiful shell-pink clustered flowers. Dark lustrous foliage. A rampant grower.

EXCELSA (Red Dorothy Perkins) Scarlet-crimson

JACOTTE A fine new climber. The large flowers are orange-yellow shaded coppery-red. Strong grower, profuse bloomer.

MME. GREGOIRE STAECHELIN It is the opinion of rose connoisseurs the world over that this wonderful new Spanish rose is the queen of pink climbers. The large soft-pink flowers, with crimson stained petals are borne profusely on long stems, amid dark green foliage. Vigorous,

PAUL'S SCARLET CLIMBER Semi-double flowers of intense scarlet. Borne profusely in clusters. Strong grower. Healthy foliage.

WHITE DOROTHY PERKINS Identical to Dorothy Perkins in everything but color.

HARDY HYBRID POLYANTHAS Baby Rambler Roses

40c each

Roses of this class are used mostly for massing, or for borders; they are constantly covered with small, clustered flowers. Ordinarily they do not grow more than 18 inches high.

CRIMSON BABY RAMBLER Bright crimson clustered flowers. Continuous bloomer.

CHATILLION Without doubt the very best pink rose of this class for bedding or massed planting. Semi-double flowers; clear pink.

EBLOUSSANT Very dark red flowers. Large trusses. Very floriferous.

GLORIA MUNDI A new Polyantha of spectacular color, a dazzling orange-scarlet that does not fade, flowers borne in clusters. Free flowering.

GOLDEN SALMON Vivid orange-scarlet flowers, borne in large compact clusters. Vigorous.

IDEAL Dark blackish-red flowers, borne in full trusses. Good grower.

LA FAYETTE Very large semi-double flowers of pinkish-crimson borne in large loose clusters. A constant bloomer, and a great bedding rose.
